GAME MODES –

- **Single Play:** Test your TV knowledge in 4 rounds of questions. Can you get a perfect round? A perfect game? Play multiple games in a row without a wrong answer to see how long a streak you can make!
- **Group Play:** A 'hot-seat' multiplayer game for 2 - 4 TV buffs. Pass the phone when prompted. When all players have completed a round, the scores are tallied and the next round begins.
- **Nonstop Play:** No rules! Play for as long as you like. Get a summary of your progress every 10 questions. See how long of a streak you can create. Play by yourself. Pass the phone around. Play it your way. The fun ends only when you want it to.

All online games let you see how you stack up to all other players on the same sets of questions. Online games are updated often, and there's always a game to suits your taste. RULES AND SCORING –

There are many puzzle types, testing both your TV knowledge and your powers of observation. All questions are multiple choice. Pick the correct answer to score points. But don't take too long! Each question is timed, and if you wait too long, you forfeit that question.

SCORING – Points are awarded for the following:

- **CORRECT ANSWER** – Yields 5000 points. No points are awarded for incorrect or no answers.
- **TIME BONUS** – Earned for time left on the clock. Perfect time (0 seconds used) yields 1000 points and the less time that is left, the fewer points you earn. If no time remains on the clock, there is no time bonus.
- **STREAK BONUS** – Earned for correctly answering multiple questions in an unbroken sequence. The bonus increases by 100 points with each subsequent correct answer and keeps adding up!
- **PERFECT BONUS** – Perfect round and perfect game bonuses are awarded if all questions are answered correctly for that round or game. A perfect bonus yields 5000 points!
- **YOUR TV CREDIT** – At the end of a Single Play or Group Play game, a "TV credit" will be awarded based on your performance. Can you become the Studio President, or will you be just another Critic?

OPTIONS –

The following options are available on the options menu. Pressing [OK], [Left], or [Right] will toggle each option on or off. Press [Up] and [Down] to navigate through the menu. All options are not available on every handset.

- **GAME MUSIC** – Turns ON / OFF the game music throughout the game.
- **GAME SOUNDS** – Turns ON / OFF in-game sound effects.
- **VIDEO SOUNDS** – This option is for video enabled handsets only. Turning this option ON will enable sound during TV Clip questions only. Some questions may require having the sound on in order to answer it.

- Watch the credits in TV shows! They’ll help you with Credit Roll puzzles!
- You can skip the Behind the Scene notes, but reading them can help you answer future questions.
